

PLASTI SHIELD™ FR FIRE RESISTANT PROTECTION

Tested and certified to meet NFPA-701 standard.

As the fastest growing surface protection in its class, Plasti Shield is now available in a specialty fire resistant version. Lightweight, durable corrugated plastic sheeting with fire retardant additives.

Plasti Shield™ FR is perfect for floor and wall covering protection, counter-top protection, temporary window or door replacement, and temporary clean room applications. Fire Resistant Plasti Shield™ FR is extremely durable and can cut with a standard utility knife.
